PUBLIC RECYCLING

Downtown Camden Recycling Initiative (CSSD)

We aim to promote recycling, reduce landfill waste, and encourage responsible recycling habits among residents and visitors in Downtown Camden. As part of its kick-off, 12 recycling stations will be placed through Downtown Camden. Recycling stations will be maintained by CSSD Ambassadors part of its Clean & Safe initiative.

American Water Charitable Foundation

We believe in the importance of being a good neighbor and good steward of the environment. Supporting and enhancing the communities where we live, work and operate is part of who we are. Learn more by visiting www.amwater.com/awcf/.

The CSSD and Camden Business Improvement District would like to extend our sincere thanks to the American Water Charitable Foundation for their support of the Downtown Camden Recycling Initiative and commitment to environmental sustainability.
